torney General-designate Robert F. Kennedy, the new Chief Executive's brother, when the Cabinet nominations reach a showdown.

But Dirksen said the unanimous Senate Judiciary Committee approval given young Kennedy Friday made it clear there would be little opposition to any of the Cabinet appointees.

Senate GOP Leader Everett M. Dirksen, Ill., said there may be a few votes cast against At-

Dirksen joined in supporting 35-year-old Bobby for attorney general after raising a question whether the nominee had adequate legal experience for the job. Democrats said there was a "strong parallel" in background between Kennedy and the present Republican attorney general, William P. Rogers.

Both Kennedy and Rogers reached national prominence as chief counsel of the Senate investigating committees. Republicans said, however, that while Kennedy's only other experience as a lawyer was in the Justice Department, Rogers practiced law for eight years in New York City.

As the judiciary group was clearing Kennedy, the Senate Labor Committee, on which Dirksen also serves, gave its warm endorsement to Arthur J. Goldberg, picked to be secretary of labor.

Smooth sailing also was the order of the day for the other Kennedy administration appointees.

## Sales Tax Was Eight Million In December

FRANKFORT (UPI) — Revenues from the sales and use taxes were higher during the month of December than any of the previous months during the fiscal year — probably due to the Christmas shopping season.

A report issued Friday by Revenue Commissioner William Scott showed general fund tax receipts during the month totaled \$15,929,626 of which the sales and use taxes provided \$8,052,934.

Sales tax receipts for the first six months of the fiscal year totaled \$34,773,309. Total general fund revenues for the six-month period were \$99,066,549 — up 52 per cent over last year.

The principal general fund taxes and the amount of revenue they produced, during the first six months of the fiscal year include:

Individual income taxes — \$27,329,781; corporate income taxes — \$5,644,831; distilled spirits consumption — \$1,717,855; cigarettes — \$4,364,237; pari mutuels — \$1,090,900; beer and wine consumption — \$1,717,855; distilled spirits production — \$4,696,947; ad valorem taxes on real estate — \$903,409; ad valorem taxes on tangibles — \$92,682; ad valorem taxes on intangibles — \$65,939; and inheritance taxes — \$2,736,454.

Road fund tax revenues during the month of December totaled \$6,725,939 and during the six-month period they totaled \$30,490,761.

The principal road fund taxes and the amount of revenue they produced, during the first six months of the fiscal year include: Motor fuels taxes — \$33,495,508; motor vehicle usage taxes — \$3,524,431; sales and use taxes — \$903,930; and motor vehicle registrations — \$606,941.

## Heart Clinic For Children Will Be Held In February

The second one-day heart clinic for medically indigent children in the Purchase Area will be held in Mayfield on Friday, February 3, 1961, according to an announcement by Dr. Marc J. Reardon, Covington, president of the Kentucky Heart Association.

Site of the clinic will be the Graves County Health Department. Dr. Reardon said, "a registration of patients will start at 8:30 a.m. He pointed out that 'a patient will be accepted only if referred in writing by a physician in private practice,' adding that 'the purpose of the clinic is to provide a diagnostic and consultative service for each patient along with recommendations to the referring physician for treatment and management of the case. It will also serve to acquaint the physician in private practice with the latest heart disease care and treatment methods. The clinic is not designed to provide treatment, Dr. Reardon emphasized.

Clinic sessions will be under the direction of Drs. Joseph A. Little and Blaise Favara, both of Louisville, and children will be accepted from the following nine counties: Ballard, Calloway, Carlisle, Fulton, Graves, Hickman, Livingston, Marshall and McCracken. An invitation to participate personally in the clinic and to bring or send needy patients to it has been mailed to each physician in those counties.

Clinic expenses are being underwritten by KHA from money collected during the annual Heart Fund Drive. Personnel as well as space and equipment will be provided by the Graves County Health Department and the Kentucky State Department of Health.

## Seven Teenagers Die In Impact

ST. PAUL, Minn. (UPI) — Seven teenagers were killed early today when a car reportedly traveling more than 100 miles an hour careened broadside into another vehicle.

Impact of the crash ripped the speeding auto's chassis and four wheels from its body, containing five youths "all dressed in black leather jackets and motorcycle boots," Ramsey County authorities said.

Authorities said all five victims in one auto and two in the other were from St. Paul and suburbs, including one from Minneapolis. Victims in the alleged speeding car were identified as Tom Irish, driver; Larry W. Dexter, St. Paul; Ronald Crawford, St. Paul; Michael Olson, St. Paul; and Goe Marshall, St. Paul, Marshall died at Ancker Hospital shortly after the accident.

Dead in the other car were the driver, Michael T. Swirka, 19, St. Paul; and Cynthia P. Consock, suburban Roseville.

Two Canadian truck drivers told authorities the Irish vehicle was traveling more than 100 m. p. h. when it passed their truck on Minnesota 36, about two blocks west of Minnesota 49. Irish car careened into the Swirka auto after failing to negotiate a curve, authorities said.

## RING GETS AROUND

NEWPORT, Vt. (UPI) — Police here found a high school ring belonging to Margaret P. Donohue five years after it had been lost. She said, "I can't understand how the ring was ever found in Vermont as I have never been there."

## FIREMAN CALLED

City Firemen were called last night to the home of Ollis Warren, 102 North Ninth street, when a refrigerator motor caught fire. Little damage was reported by firemen.

SEES LONG STRUGGLE — Dean Rusk, who will be Secretary of State in the Kennedy administration, appears before the Senate Foreign Relations committee in Washington which confirmed him in his new post. Rusk said that Communism is more powerful than ever before and that a "long struggle" lies ahead for the free world.

## Lakers Edge Tigers In Close Game

Calloway County High was a 59-56 winner over Murray High School in the city-county rivalry renewed with the meeting of the two squads in the Carr Health Building last night.

The Lakers were pushed hard throughout the contest in registering the win that was uncertain until the closing seconds of play. Murray High's Tigers broke on top in the opening period with a 16-15 first quarter lead. The Lakers moved into a shaky command in the second quarter and held a 35-30 halftime lead.

The Tigers closed the gap to three points in the third, frame but could never quite grasp command in the final canto.

Robert Lee was the top scorer with 20 points, for the Tigers. Don Curd had 20 for Calloway High.

## Mother, Eleven Children Perish

MONTREAL (UPI) — Police searched for a blunt instrument today to provide a clue in the case of Mrs. Marjorie Vosburgh, 43, who died with 11 of her children in a fire which swept their one-room shack Dec. 29.

Her husband, Abel, 63, was held without bond as a material witness. He was the only one of the family to escape from the burning shack. Four other children were away from home.

The search for the weapon was intensified in the rural community of Noyan, Que., near the Vermont border after medical experts ruled Friday that Mrs. Vosburgh had died from a head injury.

The experts said the children had died from asphyxiation. They ranged in age from seven months to 19 years.

"We are looking for some sort of blunt instrument which may provide a clue in the case," a police spokesman said.

Still left unsolved in the bizarre case was the actual identification of the body of an eight-month-old boy discovered by a bakery deliverman about 25 feet from the remains of the shack Thursday.

Police believed that firemen had inadvertently discarded the remains on the day after the fire, believing it to be that of the family dog. A closer check discovered that the Vosburgh dog was buried in a single casket with the other bodies.

Quebec Police Director Joseph Brunet said that Mrs. Vosburgh's jobless husband would continue being held under a coroner's warrant as a material witness and that his \$200 bail had been cancelled.

Vosburgh has been detained in police headquarters here since last Saturday.

## Ike Begins His Final Weekend As President

THURMONT, Md. (UPI) — President Eisenhower began his last weekend as Chief Executive today by relaxing at his snow-covered Camp David retreat, high in the Catoctin Mountains.

Eisenhower hoped to work on his farewell radio-TV address to the nation while at the secluded woodland hideaway. He will deliver the message in a nationwide broadcast Tuesday night.

The Chief Executive flew to the camp by helicopter late Friday afternoon following his last meeting with his Cabinet at the White House.

He planned to return to Washington Sunday.

Leading citizens of Gettysburg, Pa., will honor President and Mrs. Eisenhower at a welcome-home dinner on Jan. 21, the day after he leaves the White House.

It apparently will be his first appearance after the turn-over of the reins of government to President-elect John F. Kennedy.

## Preliminary Unit Drawings Are Expected In The Near Future

The contract for the construction of public housing units in

ed in such a way that they will not all look alike. Some will have hip roofs and others gable roofs. Different color and texture bricks will be used and various effects will be used to obtain differences in appearances.

The areas will have 29 foot wide paved streets, and will be curbed, with gutters and sidewalks. Regular street lighting will be used with natural gas, electricity, water and sewerage lines brought to the unit area.

Homes will be equipped with stove, refrigerator, hot water heater, and built in cabinets in the kitchen.

The colored housing units will cost \$322,351 and the white housing units will cost \$542,888, for a total outlay of \$875,239.

The Murray Municipal Housing Commission is composed of W. G. Nash, Chairman, Buford Hurt, W. D. Shoemaker, E. W. Riley and ex-officio member Mayor Holmes Ellis. The executive secretary is L. D. Miller.

The commission has offices in the Office Building on South Fifth street.

Miller said that all land in both the white and colored housing units has been appraised by George Hart and Glenn Doran. The sites have been definitely approved by the Atlanta office of the Public Housing Administration.

The preliminary drawings will soon be ready. They are being prepared by the architectural firm of Clements and Gingles of Nashville, Tennessee.

Hollis and Griggs, engineering firm of Paducah, Kentucky, will begin the survey of the property on January 23.

The housing units in the Broad street area will include seven units facing Broad extended, one facing South Ninth street and fourteen facing a new street which will be constructed between Broad extended and South Ninth. This street will enter South Ninth just south of the Baptist Mission.

The housing units in the Cherry street area will include nine facing Cherry, one north of the intersection of Pine and Cherry and two south of this intersection. The units will extend from Spruce north through and across Ash street, with the public housing land extending 110 feet west from Cherry.

The attorney for the Housing Commission is John Gregory of the firm of Hughes and Gregory of Murray.

Miller said that the houses in the two units will be constructed in 1961.

## Drop Outs Are Fewer At Calloway High

According to Leon Grogan, Director of Pupil Personnel for Calloway County, there have been fewer drop outs at the new Calloway County High School this year than at the five Calloway County High Schools last year.

Below is a breakdown of the enrollment at the end of the fourth month of school of each year, the number of drop outs at the end of the fourth month period, and the per cent of drop outs for the years of 1959-1960 and 1960-1961.

1959-1960 Enrollment 565; Number of drop outs 60; Percentage 10.6.

1960-1961 Enrollment 545; Number of drop outs 24; Percentage 4.4.

It was also pointed out by Bill Miller, Principal of the new Calloway County High School, that most people consider drop out as students who quit school. This is not necessarily true he stated. A drop out may be a student who has gotten married, pupils who have moved to other districts, pupils who die, or even as is the case this year, pupils who are graduated in the middle of the year. This year will have eight or nine of our Senior leave as at the end of this semester he said. These students will be finished with their high school work here. On the report they will be shown as losses, and in some classifications they will be spoken of as drop outs, which is not true in their cases.

It is the opinion of Mr. Miller that the expanded curriculum of the new school is the main reason for the decrease in the number of drop outs in this school year of 1960-1961 as compared to the last school year of 1959-1960.

## Everett Hale Dies In Tampa, Florida

Mr. Everett Francis Hale, a former resident of Murray, died yesterday in Tampa, Florida. He was 72 years of age.

Mr. Hale was a native and life-long resident of this county. He had lived in Tampa for the last 10 years.

Mr. Hale is survived by his wife and two sons of Tampa, brothers Claude Hale of Murray, Lloyd Hale of Paducah, and a sister, Mrs. Myrtle Calhoun of Farmington.

Funeral services will be conducted in Tampa this afternoon.

### Weekly TVA Newsletter

A new monthly power gen-  
eration record of 6,192,000,000 kilo-  
watt-hours was set by the TVA  
power system in December. TVA  
announced today. Steam plants  
generated a little over three-four-  
ths of the total, with the balance  
supplied by hydro plants.

Previous record of monthly gen-  
eration was 6,106,000,000 kilowatt-  
hours recorded last March.  
The new record resulted from  
normal growth in use by the  
1/2 million homes, farms, busi-  
nesses, and industries in the re-  
gion. It was more power than  
was sold to ultimate consumers  
throughout the whole of last year  
by all electric utilities in each of  
20 of the 50 states.

Broth rainfall and runoff—the  
amount of water that actually  
reaches the streams—were con-  
siderably below normal during  
1960, TVA said today. On 50th  
counts the year's totals fell be-  
low the long-time averages; it was  
the 12th driest year since 1880.

Preliminary figures show that  
rainfall during the year averaged  
46.0 inches throughout the basin,  
or 5.5 inches below the mean of  
51.5 inches. Driest year on record  
is 1941 with 37.9 inches aver-  
age. June, August, September,  
and October had above normal  
precipitation in 1960.

Runoff measured 19.21 inches  
at Chattanooga, or 4.43 inches be-  
low the long time mean of 23.64  
inches. At Kentucky Dam runoff  
was 18.39 inches, or 3.87 inches  
below the long range average of  
22.26.

Both rainfall and runoff were  
deficient in December. Rainfall  
averaged 3.0 inches in the basin;  
the 70-year mean is 4.8 inches.  
For the month, At Chattanooga  
runoff measured 1.17 inches, com-  
pared with a mean of 1.92 in-  
ches. At Kentucky Dam, runoff  
measured 1.14 inches, somewhat be-  
low the mean of 1.69 inches.

An estimated 10,441,400 visits  
were made to TVA dams and  
steam plants in 1960, TVA said  
today. This is a drop of some  
563,000 under the previous year,  
caused in large measure by in-  
clement weather last spring.

The leading visitor attraction  
in 1960 was Kentucky Dam with  
an estimated 1,660,200 visits;  
Pickwick Landing Dam was sec-  
ond with 1,299,800; Fontana Dam  
was third with 1,229,400; and  
Chickamauga Dam fourth with 1,  
105,200.

Others were: Norris Dam 908-  
800; Fort Loudoun Dam 614,500;  
Watts Bar Dam 554,900; Gunters-  
ville Dam, 342,600; Boone Dam  
263,000; Fort Patrick Henry Dam

TVA's Clinton, Tennessee, for-

Here we go into another New  
Year. Let's each and everyone  
make it the best year yet.

Mrs. Mabel Parchman of Au-  
rora had returned to her home  
after spending Christmas in St.  
Louis with her husband.

Mr. Lee Taylor of the U.S.  
Army was at home over the  
Christmas holidays. His wife re-  
turned to Texas with him. We  
miss the young couple very much.

Mr. Bob Williams and daughter  
have returned home after two  
weeks in Florida. He is the owner  
and operator of Jonathan Creek

### MOON PHFFFT!

Here is the  
sad photo story of the lunar  
probe "rocket" which was sup-  
posed to have sent a satellite  
orbiting around the moon  
from Cape Canaveral, Fla. It  
got off all right, but exploded  
into nothingness about  
40,000 feet and a minute  
later. Photo at top is a  
double exposure, the moon  
caught with a 1,000-mm.  
telescope lens, the streak  
with a wide angle lens time  
exposure. No more or less  
than that.

## Desk Work

By JOAN O'NEILL

**POP NEEDS** a place to work out income tax problems! Mom needs a kitchen corner where she can balance the budget and prepare store lists. The kids require a homework hideout.

Every household should have several spots organized for

such homework projects, and each spot needs supplies—pencil and paperclip holders, pads, a pen, files for papers, letters, memos or, in Mom's case, recipes!

### Do-It-Yourself Ideas

It sounds like a mighty expenditure of funds, but fear not! With a little desk work,

you can design some dandy items that will do a variety of stowaway jobs and in a decorative way.

### Need a pencil holder?

**Orange Juice Can**  
Use a frozen orange juice concentrate can! Needless to say, it needs dressing up and this is easily done. Cover it with self-adhesive plastic!

**Inexpensively priced**, the plastic, which washes clean, comes in pretty colors and striking patterns. Several of them simulate materials such as leather, woodgrain, knotty pine, straw, cork, marble, brick, linen, fieldstone and bamboo!

### It's Easy

Make your color and design choice, cut the plastic to size, wrap it around the orange juice can and— presto!—you have as pretty a pencil holder as you can purchase anywhere. What's more, no one will guess that, before it held pencils, the holder held orange juice!

You can use the plastic or colored paper to cover cigar boxes—they make wonderful catchalls for clips, pencils, erasers or soap-fake boxes—they're the perfect size to serve as letter or paper files.

### Jars Are Useful

Don't overlook jars, either, for they can serve desk duty, too!

Wide-mouthed apothecary jars make neat files for recipes clipped from newspapers or magazines, or they might hold bills or "must answer" letters.

If you want to top off your desk with a decorative but not too expensive pen, look for a

**GRIN AND BEAR** housework! That's what drawing, inserted under removable plastic top of kitchen desk pen, seems to say!

**TEEN WAXES** desk that holds upright files decked with musical notes. The files started life as soap powder boxes. Pink paper and black note cut-outs hide the commercials!

**SELF-ADHESIVE** plastic covers a file, catch-all (cigar) / boxes and pencil holders made from frozen juice cans.

**CONCERT PIANIST**....Walter Hautzig will give a concert in the Auditorium Jan. 24 as the third and final program of the Murray Civic Music Association's 1960-61 series. Mr. Hautzig has traveled extensively and played with leading orchestras all over the world.

**THE ITALIAN** Haute Couture, which has been giving the big name French houses a real run for their fashion money during the past few years, has come up with some sensational new styles in their collections for fall and winter.

**SHIRT Competition**  
So the Parisians will be getting some stiff competition from these comparatively recent arrivals in the field.

**Characteristic Treatments**  
The creations pictured are from two of Rome's outstanding couturiers, both of whom have received top accolades in Europe and America. Their fine Italian hand is seen in arresting sleeve treatments, varied necklines and a choice of slender silhouettes.

But regardless of cut, skirts are short and pretty

**Legs are much in evidence.**  
An afternoon dress features a high, rounded neckline that is a natural for handsome necklaces, whether they are real or costume.

**Cropped Sleeves**  
It has sleeves that are cropped just above the elbow, a big, two-button bodice closing, a wide black calfskin belt and a short, molded skirt.

**Green Edging**  
Green wool edges the sleeves of the belted coat and the same edging is used on the neckline which closes off-side with a bow.

**SILK GROSGRAIN** in bright red is used for an overblouse teamed with gabardine slacks from Simonetta's boutique.

**FABIANI DESIGNED** this coat-in-the-round of white, black and green checked wool with deep-set raglan sleeves.

**MRS. KENNEDY'S**—What Mrs. Jacqueline Kennedy's inaugural gown will look like still is a secret, but these sketches in Women's Wear Daily, a Fairchild publication, probably come pretty close. For the ball, the slim Gavenchian silhouette, with lace embroidered top. It is said she put the Bergdorf-Goodman dress together from sketches in the French fashion magazine L'Officiel. The other is Oleg Cassini's pre-inaugural gala, in heavy white silk with straight silhouette. It is worn with 20-button white kid gloves.
